MedPatient	May 2022 - June 2022

smartFun Studios

This user can add family members, and register. Users can book appointments with available doctor slots. The user must have a balance in the wallet for booking.

Byonyks	February 2022 - March 2022

smartFun Studios

Byonyks Bloodless Dialysis machine
Byonyks are the world's first biomedical device innovation startup focused on designing affordable healthcare devices using state-of-the-art medical technology for those that do not have access to such care. In this, we can see over live report

GET_SIT_GO	December 2021 - April 2022
smartFun Studios	Service base

- GET SIT GO a salon booking app that helps owners digitize and streamline their appointment booking processes. While most people fix their appointments and follow up accordingly, others waste time, making it difficult for other customers to set appointments.

- A salon appointment booking app allows your clients to fix an appointment as and when they want to, irrespective of your working hours.
